## The Benefits of Fiat Dealer Servicing

There is no better place to have your car serviced or repaired than at an authorised Fiat workshop. Our workshops are fully equipped and manned by Fiat trained technicians who have the expertise, specialist and technical knowledge and most importantly the desire to ensure every repair is completed correctly and efficiently.

All services use genuine Fiat parts which are covered by a 24 month unlimited mileage, parts and labour warranty.

In addition to the above, the authorised dealer network is the only place that your car will benefit from improved production techniques and software development. In many cases these enhancements can be transferred to your car using the very latest diagnostic technology that checks your car is up-to-date. Only your authorised Fiat dealership can offer this service.

- **Genuine Parts with 24 Month Warranty**
- **Fiat Trained Technicians**
- **FREE Roadside Assistance**
- **FREE Software Updates**
- **Wash & Vac**
